What are SubBiomes?

SubBiomes are unlockable areas the player will find in the trap areas. These SubBiomes will unlock with ether level or price. The Player will be able to place Traps in these SubBiomes to capture pinata that cant be obtained by attracting to the limited garden.

Each SubBiome will have a unique theme for example in the desert we have

1. Dunes
2. Tar Pit
3. Oasis
4. Savanah
5. Salt Flats
6. Volcanic Caves

Each of these share one thing in common, they are ether biomes you would expect to be in a desert or is adjacent to the trap area.
